Congratulations

You're getting married! We know just how important this day is to you, and that's where we can help.

We offer a bespoke concept with all wedding florals and bring your ideas and thoughts to life. No two couples are the same and your wedding flowers will be unique to you and your big day.

Whether it is exquisite bouquets, table decor, or large hanging installations the team and I are here to help make your floral dreams a reality.

*Let's realise
your wedding
floral dreams*

Whatever
your ideas or
inspirations
are, no request
is too much

Meet Claire & The Team

My journey into floristry happened quite by accident and what was a hobby is now a flourishing business. I have trained at the London Covent Garden Academy of flowers and then at Talloulah Rose flower school in the Lake district.

Whimsical, wild and tumbling displays is what I love to do best and we endeavour to offer sustainable and environmental friendly floristry. Large dramatic floral installations and big bouncy show stopping floral bouquets have set us apart from others.

When I am not working my floristry magic, you can find me relaxing at home with my family and enjoying a cold glass of Chablis!

This job is all about teamwork and I couldn't do what I do without these lovely ladies. No matter how big the job is, we have it covered. My team are vital in making the magic happen on your special day.

Next steps

Let's get planning! Let me know your:

- Wedding date and time
- Wedding location
- Wedding floral ideas/inspirations
- Wedding floral budget
- When you're next available to meet and discuss

I look forward to hearing from you and making your wedding floral dreams a reality!

Love, Claire. x
